INSIGHT IMAGING ANNOUNCES STRATEGIC SERVICE PARTNERSHIP AGREEMENT WITH QUORUM HEALTH RESOURCES

LAKE FOREST, Calif. (June 2, 2009) – InSight Health Corp. “INSIGHT IMAGING” announced today that it reached a three-year agreement with Quorum Health Resources (QHR), a leading national hospital management company based in Brentwood, Tenn., to become a contracted supplier of diagnostic imaging mobile shared services.

Under the terms of the agreement, INSIGHT IMAGING will provide QHR’s network of approximately 150 client hospitals access to magnetic resonance imaging (MRI), computed tomography (CT), and positron emission tomography/computed tomography (PET/CT).

“We are very excited to partner with QHR as its strategic service provider of diagnostic imaging services,” said Steven M. King, executive vice president of sales and marketing for INSIGHT IMAGING. “With the economy affecting our already fragile healthcare system, it is imperative that we continue to form strategic partnerships with hospital networks such as QHR, so that we can provide a fiscally responsible solution for their short and long term imaging needs.”

QHR continually monitors the performance of its Strategic Service Partners (SSP) to ensure that they meet or exceed customer expectations. The synergies that develop from matching QHR products and services with those of its SSPs enable its contracted facilities to provide high quality healthcare services. QHR’s selection of INSIGHT IMAGING was made following an intensive review of the company, its qualifications, including a proven track record of success, a commitment to business ethics and a regional or national presence.
